“

“Tamara has been working with my team for 3months. Our sales have increased 40% because of her training.”

-Jason Burbage VP -NLR

Tamara asked me to write a testimonial, but I don't have to. All I have to do is point to the results. The truth is always in the numbers. Bottom line: The group in SC that has gone through the 90-day training has year over year increase in commissions of 50%. And that's the bottom line! - Jason Walter CEO -NLR

I have taken Tamara's two-day course and most recently the 3-month coaching. This coaching is invaluable. I have become more organized and focused and set and met all my goals for this quarter already with a month left to go. My sales/income have doubled, I have more confidence and ability to stay on track. This was the exact teaching I needed to change the trajectory of my outcome for this year. I would highly recommend her and give her more stars if I could. Thank you, Tamara!

Tamara is a breath of fresh air! I took her Prospecting Mastery class and hired her for one-on-one coaching and the fruit of my labor with her direction is paying off. Just today I received two new loans from a cold call I made because she taught me how to pick up the phone and build relationships with top producers.
